We think it is important to teach the children that even though it is great to receive help, in life, we must work to attain our objectives. This is the way we found to motivate them to do something in order to get something back.

We sell these 2 articles handmade by our children. They can be found in some of our partner shops like Art&Craft CV and L'Alambic. The money is used to buy food, school and pedagogical materials for the children.

By purchasing one of these, you are supporting our cause!
